

GENERAL HEALTH AND SAFETY POLICY STATEMENT

This General Policy Statement confirms the commitment of Cardinal Demolition Limited (hereafter referred to as “the Company”) to comply with current legislation and is supported within the main Policy by two further parts; Responsibilities and arrangements, together with the monitoring thereof. The Policy also provides such information as is necessary to assist those persons using it, to fulfil their obligation.

As Managing Director it is my responsibility together with Company Management to ensure that our working environment is safe, without significant risks and meets the appropriate statutory requirements. It is recognised that all employees have a vital role in the implementation and maintenance of our health and safety programme.

It is our policy to reduce accidents, injuries and work-related ill health to the lowest level practicable. Where hazards exist we will evaluate, control and bring these to the attention of our employees. We all have a legal duty to co-operate in all Health and Safety related matters, not to endanger ourselves and others and not to misuse anything provided for Health and Safety. In particular, all persons are to ensure that appropriate Health and Safety rules are followed.

Within the Health and Safety Policy, specific duties have been assigned for the co-ordination and compliance with particular Health and Safety legislation appropriate to our business.

We will produce a 12 month, ongoing Health and Safety plan and budget to provide such insurance, external inspection, facilities, equipment and training as is required for those persons to fulfil their responsibilities.

All our employees will be given adequate information and training as is necessary to ensure their Health and Safety, during routine, unscheduled and emergency situations, together with the appropriate facilities and equipment.

Risk assessments, audits and general inspections will be undertaken at regular intervals by those trained to do so. This will help the Company to identify significant hazards and plan for their elimination, reduction and control.

Whilst on our premises, visitors will be accounted for, escorted and protected from workplace hazard. Contractors as appropriate will be supervised and controlled.

Our policy will be reviewed annually or when appropriate and the changes brought to the attention of all employees.

Signed

Thomas Hawkes
